The "DAILY PRESS" is continually in reception of letters from Northern, Western, Southern, and some Eastern States, making inquiries relative to our GREAT ERICSSON. Over one hundred letters are thus answered:

We employ only the complement of hands necessary for the press. Nominally "the engine takes care of itself?" The saving to our pocket of "Calorie" over steam is three dollars per day. We believe the day is fast approaching when locomotives on our railroads, boats on our rivers, will be propelled by 'Eriusson's Caloric Engines." What a blessing to the world! No more explosions!!

WE LEARN that Mr. Arnold is not satisfied with his defeat in the late billiard-match for \$500 a side between himself and Mr. Tieman, and has challenged that gentleman to another encounter.

THE new iron bridge over the White Water Canal, at Smith street, is the neatest and most substantial in the city, with the exception of that over the Miami Canal, at Vine street. The crazy old wooden structures over the various crossings of the canals, within the city limits will, we trust, soon give way to these new and elegant improvements.

THE new iron-front building, being erected by Mr. Nixon, at the corner of Fourth and Vine Streets, already begins to give evidence of much architectural beauty. The plan of erecting the corner in the are of a circle is a decided improvement.

EXTENSIVE BURGLARY .- Night before last ome fellow, by extraordinary exertion, suceeded in forcing his way into the feed store of Russell & Cameron, on the corner of Clark street and Western Row, and carried off twentyfour cents in coppers, one Mexican counterfeit dollar, a fine tooth comb and a second-hand tooth-brush. We have no doubt he was repaid for this trouble.

ANOTHER CASE OF HYDROPHOBIA .- A man named Harrison Rose, who resides on Richmond street, below Mound, and was formerly a watchman in the Fifteenth Ward, was suffering yesterday severely from hydrophobia. He was bitten by the same animal that caused the death of Mr. Wright, which our readers will remember took place three or four weeks ago on Freeman street. The spasms were slight, but of such a nature as to preclude the hope of recovery.

ELOPEMENT OF A NEW-MADE WIFE WITH AN OLD LOVER .- A man about forty-five years of age, named Henry Kahtenleip, a week or two ago, married a girl who was a quarter of a century younger than himself, and took her to his home on Buckeye street. It is usual, in such marriages, for the ardor of the husband to decrease in the proportion which that of the wife increases, and this has no excoption to the rule. Not a fortnight had gone by ere she repented of her choice, and as heartily wished herself husbandless as before she had longed to take upon herself the conditions by which she could become a resident of that state, devoted to the deluded, culled Matrimony. Day before yesterday she became heartily disgusted with the coldness of her husband, and just at that time an old lover-who had the one quality he lacked -dropped in to see her, and the two concluded to elope. The preparations were instantly ninde, and as a part of these, she packed up about thirty or forty dollars of her husband's money, and two suits of clothes which she thought her beloved might need, after which they left the city, and have not since been heard from. The husband said she had cost him about a hundred dollars already - that he was not sorry she had left, and wished the OPPOSITE THE DAILY PRESS. couple all the happiness he had expected for

BOARD OF CITY IMPROVEMENTS .- At their regular session, yesterday morning, the Board of City Improvements received a communication from N. Longworth, in relation to the extension of Linn street, which was referred to the Commissioner of the Western District, and the City Solicitor.

A petition was received from persons residing on Lock and Butler streets, asking the erection of a bridge over the canal at Fourth street. Referred.

Mr. Hunter offered resolutions directing the clerk to transmit to Council an ordinance to bowlder School alley from John street west to the school house; passed. Also, an ordinance to pave the sidewalks on north side of Ninth street from Freeman to Baymiller; passed.

Some resolutions in reference to the Northern District, offered by Mr. Payne, directed the Clerk to transmit to Council an ordinance to bowlder David street, from Western Row to John street-passed; also, to advertise for proposals to bowlder the intersections of Spring and Abigail streets.

Mr. Stagge, of the Eastern District, offered resolutions authorizing the Commissioners of that locality to repair Sycamore street, from Swift's alley to Eighth street, at a cost not to exceed \$27-passed; also, to repair Sycamore street, from the Canal to Court street, at a cost not to exceed \$7-passed; also to repair Sycamore street, from Second to Front, at a cost not to exceed \$10-passed; also to repair Sycamore street, from Seventh to Pearl, at a cost not to exceed \$13 per square—passed; also to authorize the Commissioner to connect the sewer from Pancoast alley with the main sewer on the south side of the Court House, at a cost not to exceed \$25-passed.

BURGLARY YESTERDAY MORNING.—Some time between one o'clock and day light, yesterday morning, a burglary was committed at the boarding and coffee house of Bernard Drizkler on the corner of Western row and Fourteenth street. The thieves effected an entrance by bursting open a side door on Fourteenth street. They searched the dining-room first, and, finding nothing, they proceeded to the bar-room, where they broke open the money drawer, but secured no booty, with the exception of a counterfeit one-dollar bill. Mr. Drizkler had removed a hundred dollars from this same drawer the night previous, on retiring to bed.

THE Republican State Convention, for the purpose of nominating a candidate for Governor, Lieut. Hamilton County will be represented by thirty-one delegates.

If the gentlemen who have been endeavoring to compromise the late series of fore and in which the member of a firm of atove dealers on Main street was implicated, will refer, in the statute book, to the section relative to compounding a felony, they may discover that it will be of peculiar interest to them.

THE war news from Europe was the current topic of conversation on the streets yesterday. We learn that some of our fast young men about town who have been spoiling for a fight, are already thinking of enlisting with either one or the other of the agtagonistic powers.
